

# Reasons Your Baby Should Do Gymnastics...

- Get them moving! By the time a baby is 4 years old they have been in a car seat for over 1,000 hours!
- Physical activity builds brain cells!
- More Crawling time is linked to higher reading readiness in kids!
- Learn key concepts in our obstacle courses including under/over, on/off, inside/outside
- Meet new friends! This goes for parents and babies! Learning to share, wait their turn and work together are valuable lessons!
